

PETITION TO PRESERVE HISTORIC LOUISVILLE MIDDLE SCHOOL

We, the citizens of Louisville, support a renovation to the Louisville Middle School that preserves the historic 1939 sections of the building, including:

- The east facing 1939 entry
- The east facing 1939 facade
- The 1939 auditorium on the southeast corner of the building

Why do we support this effort?

- Because the school is a visual landmark and gateway structure to downtown.
- Because the former high school represents the long and vibrant social history of our community.
- Because the structure is a WPA project, and therefore represents an important time in American history as well as the history of Louisville.
- Because historic preservation is important to our community.
- Because LMS is Louisville's only historic school that is still in use.
- Because the loss of the historic portion of Louisville Middle School would be an irreparable loss to our community.

Please return completed petition to Heather Lewis at 712 McKinley Avenue Louisville, Colorado 80027.
